

WESTONBIRT LEISURE

May 2014

We would like to apologise for the problems we have experienced with our Air Conditioning in the Fitness Suite. Having had the unit checked over when wet patches appeared next to the unit, a leak was discovered in the roof and the unit was believed to be functioning correctly. However it became clear that that the unit was not actually working and it took considerably longer than we would have hoped to identify and action a solution.

We have plans in place to knock through from the Fitness Suite into the Aerobics Room, installing a new doorway (1.5 doors wide) for access. This will allow members better access to the Function Zone facilities, without having to leave the room and walk down the corridor and should also considerably improve the circulation of Air. The building works are scheduled for the end of May / start of June.

Feedback has also highlighted an issue which could be improved with the support and co-operation of members. When using the free weights, please return them to the rack to ensure they can be easily found by others.
